

# Necessaries™ is a unique line of easy-to-build outdoor living kits from Rockwood Retaining Walls® and Silver Creek Stoneworks®

## Affordable Luxury...

Necessaries outdoor living kits feature Rockwood Retaining Walls' multi-piece, tumbled Lakeland or Riverland wall systems. Their earthy colors and aged appearance enhance the architectural style of any home. Necessaries mantels and tops from Silver Creek Stoneworks look and feel like hand-chiseled natural limestone.

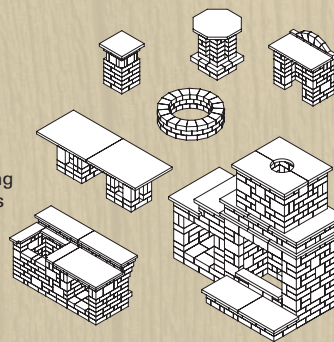

## Easy to Build...

Each Necessaries outdoor living kit comes complete with everything you need to build, including pre-cut block sized to fit, reinforcements, adhesive and easy-to-read, course-by-course instructions. Most kits can be built by two people in an afternoon or less.

## Expand Anytime...

You can build your project all at once or add new features over time. Because of Necessaries' modularity, expanding your outdoor living space is easy to do whenever you are ready.

Necessaries outdoor living kits are available in Google's 3D SketchUp! SketchUp offers you the ability to create a virtual 3D environment by importing greenery to Necessaries kit models. In an hour or two you can pick up the basics, and begin modeling your own projects like a pro. Google's tutorials make it easy.

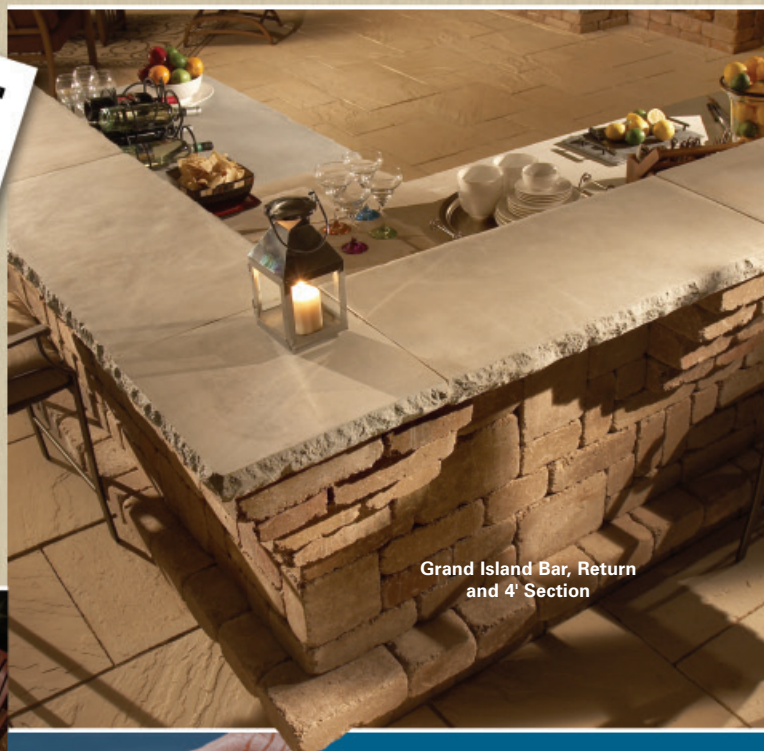

Download Google SketchUp for free and start planning your new outdoor living project today.
