**For Immediate Release**

RE: Interlock Concrete Products, Inc. and Rochester Concrete Products, LLC. announce sales and marketing agreement

Effective January 1st, 2010, Interlock Concrete Products (Interlock) will transition all sales and marketing functions to Rochester Concrete Products (RCP). The sales team at RCP will provide quality customer service and support to Interlock customers in Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota and Wisconsin. Interlock will focus on continuing to provide customers quality products and outstanding service. There will be no changes to the production team or ownership at Interlock.

This partnership will provide Interlock's customers access to more product choices, such as Rockwood Retaining Walls and Silver Creek Stoneworks' line of wetcast products. In addition, RCP's customers will now have access to Interlock's complete paver and retaining wall line, as well as, access to their slab line, site furnishings, and the Rosetta retaining wall system (in select markets). As a result, RCP and Interlock will now have the most complete hardscapes product offering in the industry.

**About Interlock:** Interlock Concrete Products, Inc., Jordan, MN, was founded in 1985 to satisfy the demand for high quality paver and retaining wall products in the Midwestern United States. Interlock was purchased by Barkman Concrete Ltd. in 1993. Barkman is a leading provider of concrete pavers and retaining walls in Manitoba, Canada.

**About RCP:** Rochester Concrete Products, LLC., Rochester, MN, is the professionals first choice in mortarless concrete solutions serving the commercial, governmental, industrial, and residential markets. For nearly a century, RCP has been a leader in mortarless concrete manufacturing and distribution with products such as Rockwood Retaining Walls, Moderra Concrete Siding, Stoneskirt, and Silver Creek Stoneworks. RCP products are available throughout the upper midwest with production facilities located in Rochester, MN, Beaver Dam and Thorp, WI.
